Don,

On November 19, 2011 you participated in our demanding SEAL Operator Tactical Course at US Training Center Southwest in San Diego, California. You were recognized by the entire cadre of SEALs to be motivated, focused, and you demonstrated exceptional teamwork throughout the course.

You excelled at each evolution, which included Pistol Marksmanship, Carbine Marksmanship, Shotgun Marksmanship, Rappelling, and Close Quarter Combat. You were continuously at the "front of the pack". You showed great focus during a daunting "Stress Course" that required engaging multiple targets at various distances with various weapon systems.

Your attitude and temperament during the challenging course was above reproach and the cadre particularly noted how you inspired others in the class with your dynamic performance.

You are an EXCELLENT student and we would be honored to have you back.

Best Regards,

Nathanael Roberti  
Lead SEAL Instructor  
Navy SEAL Academy
