Dear Mr. Rondeau:

I want to sincerely thank you and the Total Security Services International, Inc. (TSSI) team for providing a briefing to the U.S. Department of Homeland Security (DHS) Critical Manufacturing (CM) Sector-Specific Agency (SSA), and our partners, on the evolving situation in Egypt and surrounding countries.

On extremely short notice, the TSSI team was able to thoroughly brief the CM Sector on this timely and pivotal topic, providing crucial up-to-date insider information of thoroughness and depth not available elsewhere. This information was vital to many CM Sector partners who have operations in the effected region.

The feedback and response to the TSSI briefing has been overwhelmingly positive. TSSI's participation in the briefing broadly enhanced both the security of the CM Sector and of our Nation. The TSSI team's willingness to expeditiously share expert knowledge with DHS and our private sector partners contributes greatly to the resiliency of U.S. critical infrastructure.

Mr. Rondeau, thank you and TSSI for your continued support of our efforts. Your active participation with DHS exemplifies the partnership model described in the National Infrastructure Protection Plan and contributes to the security of our great Nation.

Sincerely,
