

WAT™ “Win Against Terrorism”

Benefits

- Best practices
- Save lives
- Reduce liability
- Train at your site

This innovative, award-winning anti-terrorism training and consulting program was first developed in the 1990's after the Tokyo Sarin Gas and is updated annually based upon the most current information.

There is over a decade of experience with “WAT”!

“Win Against Terrorism” is a definite “must” training course for Police, Fire, EMS, and Emergency Managers!

“Win Against Terrorism” emphasizes prevention as well as response to Terrorist Weapons of Mass Destruction (WMD) incidents.

Sharpen your skills at your location on how best to identify potential hazards, reduce vulnerability and improve mitigation.
